1 The statement of 11/11/35 gives information regarding the Income & balance at the credit of the Railway cess interest in the Tumkur Dist. up to the end of the year 1934-35.

2 In addition to the amount estimated to be spent during the current year on the programme of works already sanctioned, a sum of Rs 20,000- has also been ordered to be spent out of the Railway cess interest during the current year in the Tumkur Dist. The President has been requested to send a list of such works in consultation with the Chief Engg. This has not been received yet.

a sum of Rs. 8000/- to be met from out of
the Ry cess interest. ^{towards} the cost of
flood damage repairs.

The point for consideration is whether
the amount is to be paid out of the
Ry cess interest or repaid or
out of the surplus at the credit of
the Board. or if it is considered
to be classed as special repairs - the
expenditure on which is of a non-recurring
nature, the expense may be ordered to be met
out of the ^{sum of Rs.} 10000/- already sanctioned in
the Budget order (Ref R).

Subd for orders.

Staff C accompanying the Budget
Estimates ^{of the Board} shows (vide Part III of the Staff).

that the cost of flood damage works is usually
met from District fund proper. The cost of the
works in question has therefore to be met from the
Surplus fund of the Bd as suggested at A above

This seems to be app

To

SECRETARY TO THE GOVERNMENT
OF HIS HIGHNESS THE MAHARAJA OF MYSORE,

THE DEPUTY COMMISSIONER,
TUMKUR DISTRICT, TUMKUR.

Sir,

I have the honour to state that during the heavy rains in October last several causeways on the existing District Fund roads were very badly damaged causing much inconvenience to the movement of vehicular traffic. The Executive Engineer sent a list of such causeways requiring immediate attention and requested that funds to the extent of Rs 8000/- required for the purpose might be made available. I herein enclose a copy of the list referred to above for perusal. As it was not possible to find funds for these unforeseen works out of the limited grants sanctioned in the budget, the subject was placed before the District Board at their meeting held on the 21st December 1935. They have resolved that a sum of Rs 8000/- may be sanctioned and that this amount be met from the accumulated interest on Railway Cess in previous years. Copy of the resolution of the Board is enclosed for perusal.

During the two preceeding years the interest realised on the accumulated Railway Cess was not fully utilised and there was a savings of nearly Rs 60000/- which was credited to Railway Cess Funds. As it is not possible to meet this additional cost from any of the sanctioned grants and as the works have to be taken up immediately to facilitate movement of traffic, I request that the proposal of the District Board may kindly be sanctioned very early as a special case.

I have the honour to be,
Sir,
your most obedient servant,

H. Venkataiah

President, District Board,
Tumkur District.
